ABOUT ELEVATE CUSTOMS

At Elevate Customs, we provide residential buyers, corporate clients, and coveted designers with contemporary custom-built game tables that offer a unique blend of sophisticated style and immeasurable function. Our unwavering commitment to quality and design has attracted an elite group of dedicated master craftsmen who impress our clients with not just gaming tables, but unique works of art that include a crucial gaming element—superior playability. Whether it's a timeless game such as a table tennis, pool, shuffle board, foosball, or poker, or a customizable design that offers day-to-day function as both a game and dining table, we pay tribute to all styles with one goal in mind—perfection.

With our design and construction teams working under one roof, we are able to offer each client the option to enjoy an exclusive custom table in a one-of-a-kind design. We can customize sizes and finishes. We can change colors and materials. We can add a company logo. For the client whose game room is designed around a specific sports franchise or a favorite film, we can add a movie or a team logo. Many of our buyers want to be involved in the process, and we have a unique system in place that allows each client to track the progress of a custom order from start to finish.

Much of our success at Elevate Customs is due to the fact that we truly care about our customers. We listen to our clients' needs, we respect their unique design aesthetics, and we work tirelessly to ensure that every customer is 100% satisfied with the product and with our level of customer service. We care as much about building long-lasting relationships as we do about building the tables we sell.

At Elevate Customs, we bridge the gap between art and function by fusing gaming, entertainment, and design in a way that's never been done before. Join us on our journey—together, we can elevate your space.
